

PETITION TO THE BOARD OF GOVERNORS OF THE OREGON STATE BAR

WHEREAS, ORS 9.148 provides:

"(4) Active members of the state bar, by written petition signed by no fewer than five percent of all active members, may request that the board of governors submit to a vote of the members any question or measure. The board of governors shall submit the question or measure to a vote of the members of the bar if the question or measure is appropriate for a vote of the members. The initiative petition must contain the full text of the question or measure proposed."

The undersigned, being active members of the Oregon State Bar, request, pursuant to ORS 9.148, that the Board of Governors of the Oregon State Bar submit the following question to a vote of the membership:

Should the Board of Governors immediately allow the Armed Forces of the United States of America to advertise in the Oregon State Bar Bulletin, notwithstanding anything to the contrary in Article 10 of the Oregon State Bar Bylaws, or any other bylaw provision, rule, or policy of the Oregon State Bar?

It is further requested that: 1) the Board of Governors shall take all steps which may reasonably be required in order to conclude the vote of the membership no later than April 30, 2007; and 2) if the majority vote of the membership is in favor of allowing the Armed Forces of the United States of America to advertise in the Bulletin, that the Board of Governors shall take all steps which may reasonably be required to implement the will of the membership, including but not limited to amendment of the Oregon State Bar Bylaws.
